Nevada Medicaid Web Announcement 4060

Attention Hospital Presumptive Eligibility (PE) Providers: Mandatory Work Requirements Training

We would like to inform you of upcoming changes associated with H.R. 1 Medicaid Community Engagement (Medicaid Work Requirements), which are scheduled to take effect on January 1, 2027.

To ensure providers are prepared to support customers and accurately process eligibility determinations, all currently certified Hospital PE providers are required to complete training on the new work requirement policies and procedures.

This training is mandatory. **Providers who do not complete the required training will not be authorized to determine eligibility for AM1 and CA aid codes and may be subject to the suspension or revocation of their Hospital PE certification until the training requirement has been met.**

The Division of Social Services (DSS) Learning and Development Team will offer two training sessions:

- Tuesday, December 1, 2026 | 9:30 a.m. to 10:30 a.m.
- Thursday, December 3, 2026 | 1:30 p.m. to 2:30 p.m.

All currently certified Hospital PE providers will receive invitations to both training sessions. You may attend the session that best fits your schedule; attendance at only one session is required.

This training will provide important information regarding policy changes, eligibility requirements, and procedures necessary for implementation of Medicaid Community Engagement requirements.

Invitations will be sent by November 23, 2026. If you do not receive an invitation by that date, or if you have any questions, please contact the DSS Learning and Development Team at LandDQuestions@dss.nv.gov.

Thank you for your continued partnership and commitment to serving Nevada Medicaid customers.
