Nevada Medicaid Web Announcement 4062

Attention Provider Type 22 (Dental): Update Regarding Procedure Code D0120

Dental claims for procedure code D0120 (Periodic Oral Evaluation) have been incorrectly denying if the service was for a member who is pregnant, but procedure code D0120 is covered as a pregnancy-related service for members age 21 or older, effective February 1, 2019. Effective for claims processed on or after November 16, 2026, procedure code D0120 has been updated in the Medicaid Management Information System (MMIS), and claims for pregnant members will now adjudicate correctly.

Claims for pregnant members that denied because the code was not configured correctly in the MMIS will be reprocessed automatically. This web announcement will be updated when further details about the impacted claims are known.

When any claims are reprocessed, please be aware that all system and clinical claim editor edits are applicable. As a result, there may be no additional payment, and other claim denials may be received. Providers have the right to appeal denied claims, including those denied upon reprocessing. Please refer to Medicaid Services Manual Chapter 100 and the Billing Manual for information concerning the claim appeal process and time frames.
