- All ABA services require an Ordering, Prescribing or Referring (OPR) provider.
- The referring provider's name and National Provider Identifier (NPI) must be indicated in the claim form.
- The OPR provider must be an individual provider and cannot be the same as the servicing provider.
- The OPR provider must be operating within scope and one of the following: Physician, Physician's Assistant, Advanced Practice Registered Nurse or Psychologist.

Reminder: Any provider NPI that is indicated on a claim **MUST** be enrolled with Nevada Medicaid.

May 16, 2017 (Updated July 27, 2017)

Announcement 1372

Attention All Providers:

Reminder of Requirements Regarding Ordering, Prescribing or Referring Provider on Claims

If the service you are billing was ordered, prescribed or referred by another physician or other eligible professional, you must enter that Ordering, Prescribing or Referring (OPR) provider's National Provider Identifier (NPI) on the claim form. The following provider types are always required to include the NPI of the OPR provider on their claim: **16, 17 (specialties 167, 169, 196 and 215), 19 (specialties 184 and 186), 23, 27, 28, 29, 33, 34, 37, 43, 45, 46, 55, 63, 64, 68 and 85.** [Electronic Verification System \(EVS\) User Manual Chapter 7 \(Search Provider\)](#) provides instructions on how to search the Provider Web Portal for OPR providers.

It is the responsibility of the billing provider to ensure that the NPI which they enter on a claim belongs to an individual provider (not an organization or group): who ordered, prescribed or referred the service being billed; is authorized to do so; and is an active Nevada Medicaid provider on the date of service. Any claims which do not conform to these requirements may deny, and if they pay in error, they are subject to recoupment.

If an OPR provider's NPI is submitted on the claim when it is not mandatory, the NPI will still be validated by the system and the claim will deny if the OPR provider's NPI is not valid or the OPR provider is not enrolled in Nevada Medicaid.

Options if a PA is not approved

Denied Prior Authorization

If a prior authorization request is denied by Nevada Medicaid, the provider has the following options:

- Request for a Peer-to-Peer Review (avenue used in order to clarify why the request was denied or approved with modifications)
- Submit a Reconsideration Request (avenue used when the provider has additional information that was not included in the original request)
- Request a Medicaid Provider Hearing

Peer-to-Peer Review

- The intent of a peer-to-peer review is to clarify the reason the PA request was denied or approved but modified
- This is a verbal discussion between the requesting clinician and the clinician that reviewed the request for medical necessity
- The provider is responsible for having a licensed clinician who is knowledgeable about the case participate in the peer-to-peer review
- Additional information is not allowed to be presented because all medical information must be in writing and attached to the case
- Must be requested within 10 business days of the denial
- Peer-to-peer reviews can be requested by emailing peertopeer@groups.ext.dxc.com
- Only available for denials related to the medical necessity of the service
- A peer-to-peer review is not required prior to a reconsideration, but once a reconsideration is requested, a peer-to-peer review is no longer an option

Reconsideration Request

- Reconsiderations can be uploaded via the Provider Web Portal by completing an FA-29B form and uploading to the “File Exchange”
- Additional medical documentation is reviewed to support the medical necessity
- The information is reviewed by a different clinician than reviewed the original documentation
- A peer-to-peer review is not required prior to a reconsideration, but once a reconsideration is requested, a peer-to-peer review is no longer an option

Reconsideration Request, continued

- A reconsideration must be requested within 30 calendar days from the date of the denial, except for Residential Treatment Center (RTC) services, which must be requested within 90 calendar days.
- The 30-day provider deadline for reconsideration is independent of the 10-day deadline for peer-to-peer review.
- Give a synopsis of the medical necessity not presented previously. Include only the medical records that support the issues identified in the synopsis. Voluminous documentation will not be reviewed. It is the provider's responsibility to identify the pertinent information in the synopsis.
- Reconsideration request is only available for denials related to the medical necessity of the service.

Fee Schedule Search

Nevada Medicaid has a new feature on the Medicaid.nv.gov website under the Provider "Home" page (EVS). The new feature will allow Providers to not only view fee schedules, but also the ability to verify member eligibility, search for claims, payment information and Remittance Advices. For modifier or anesthesia base units, see the appropriate links below. Please refer to the appropriate Medicaid policy to fully determine coverage as well as any coverage limitations. Medicaid policy takes precedence over any code and rate listed here for a particular provider type.
