

## ICD-10-CM Emergency Diagnosis Codes for Non-U.S. Citizens with Emergency Medical Only Coverage

The following is a list of ICD-10-CM diagnosis codes for which emergency medical services are covered by Nevada Medicaid for non-U.S. citizens with emergency medical only (EMO) coverage (see 42 CFR 440.255 below). This includes the provision of outpatient emergency dialysis through the Federal Emergency Services Program (FESP). This list of ICD-10 diagnosis codes may not be all inclusive. Additional codes may support EMO coverage as allowable. Providers should provide the appropriate clinical documentation supporting the EMO criteria as met.

Disclaimer: Medical services for treatment of the diagnosis codes on this list are not reimbursed for non-U.S. citizens with EMO coverage when associated with non-emergent medical services or once the emergency medical condition is stabilized.

Per section (c) of **42 CFR § 440.255 - Limited services available to certain aliens**, Nevada Medicaid will pay for emergency services for undocumented non-US citizens that fall within the criteria below.

- (c) Effective January 1, 1987, aliens who are not lawfully admitted permanent residence in the United States or permanently residing in the United States under the color of law must receive the services necessary to treat a condition defined in paragraph (1) of this section if -
  - (1) The alien has, after sudden onset, a medical condition (including emergency labor and delivery) manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in:
    - (i) Placing the patient's health in serious jeopardy;
    - (ii) Serious impairment to bodily functions; or
    - (iii) Serious dysfunction of any bodily organ or part, and
  - (2) The alien otherwise meets the requirements in §§ 435.406(c) and 436.406(c) of this subpart.
