The Nevada Medicaid Learning Management System (LMS) is your training portal that will allow you to access all of your online and classroom-based learning activities and associated information.

You will be able to use the LMS to do the following activities:

- Browse Course Catalogs and self-enroll in Courses.
- Access and launch the Courses that you are enrolled in.
- View your personal calendar for at-a-glance reminders of your scheduled learning activities – both online and classroom-based.
- View and print the certificates you have earned.
- View your transcript of completed learning activities.

Register Today

Access the Nevada Medicaid Training Portal at [https://lms-nv.myhcplatform.com/](https://lms-nv.myhcplatform.com/)

In order for the Learning Management System to track, record and report learner activity, each learner must login with a unique username and password that identifies them within the system.

- Click the “Register here” link to display the registration form

Required fields are marked with a red asterisk.

Include:
