

Waiver for Individuals with Intellectual and Developmental Disabilities

Definition

The Home and Community Based Services for Individuals with Intellectual and Developmental Disabilities is offered to eligible individuals who may require such services in order to remain in their communities and avoid institutionalization.

Nevada's Aging and Disability Services Division (ADSD) operates this waiver program in conjunction with the Division of Health Care Financing and Policy (DHCFP). Therefore, providers and recipients must agree to comply with all ADSD and DHCFP policies.

Prior Authorization

Each recipient is assigned an ADSD Service Coordinator who is responsible for developing the Person Centered Plan (PCP).

A copy of the approved prior authorization must be kept in the recipient's file.

It is important to verify that an approved service authorization is in place before providing services. This can be verified online through the ADSD WellSky Database.

Authorization does not guarantee payment of a claim. Payment is contingent upon eligibility, available benefits, contractual terms, limitations, exclusions, coordination of benefits and other terms and conditions set forth by the benefit program.

Billing Instructions

Providers must submit their invoices to ADSD.

Do not submit invoices to Nevada Medicaid.

ADSD claims submitted to Nevada Medicaid must meet the requirements stated in the claim billing instructions in the Electronic Verification System (EVS) User Manual Chapter 3 Claims and the Transaction 837P Professional claim companion guide, which are posted on the Nevada Medicaid Provider Web Portal at www.medicaid.nv.gov.
