**Attention all Providers: Provider "Search Fee Schedule" Feature**  
It has come to the attention of the Division of Health Care Financing and Policy (DHCFP) and Gainwell Technologies that the "Search Fee Schedule" function on the Nevada Medicaid Provider Portal is producing some results that are duplicative or erroneous. To prevent confusion, DHCFP suggests that providers, delegates, and staff use the DHCFP Fee-For-Service (FFS) Fee Schedules in Excel format as your primary guide to existing Medicaid reimbursement rates. The FFS Fee Schedules by Provider Type are located here: <http://dhcfnv.gov/Resources/Rates/FeeSchedules/>

Select a code type, then enter the procedure code or description and provider type.

- This page is used only for Nevada Fee For Service (FFS) rates.
- The fee displayed to the user as a result of the search may not be the amount the provider receives; Information on the claim may affect actual fee amount. The information contained in the schedule is made available to provide information and is not a guarantee by the State or the Department or its employees as to the present accuracy of the information contained herein. For example, coverage as well as an actual rate may have been revised or updated and may no longer be the same as posted on the website.
- Revenue code pricing for inpatient and nursing home provider types 011, 013, 019, 051, 056, 063, 065, 075, and 078 that is specific to a provider is not available through the Fee Schedule. Provider specific rates override the fee schedule. In addition, fees are not currently available for PT 064.
- Modifier and specialty do not affect ASC and ESRD bundled rates, so the modifier and specialty will not be used or displayed in the search results for these rates.
