## Out of State Providers

### Urgent/Emergency Services

Providers enrolled with Medicaid in their home state: Nevada Medicaid enrollment is not required. To receive payment for urgent/emergency services rendered to recipients outside of Nevada borders, submit a signed claim with:

- A copy of your W-9 form
- Proof of Medicaid enrollment in your home state
- Provider’s National Provider Identifier (NPI)

Providers not enrolled with Medicaid in their home state: Complete enrollment documents as described for in-state providers (see “Required Documents”). Submit these documents with your claim.

### Non-emergency Care

When medical care within Nevada is unavailable for recipients residing near state borders, the contiguous out-of-state physician/clinic is considered the primary provider. All in-state benefits and/or limitations apply.

If your business/practice/facility is in one of the following “catchment areas,” submit Nevada Medicaid enrollment documents as described for **in-state** providers (see “Required Documents”). To qualify, the provider must meet all federal requirements, Nevada Medicaid state requirements **and** be a Medicaid provider in the state where services are rendered.

## Online Provider Enrollment Application

The Nevada Medicaid and Nevada Check Up Online Provider Enrollment Portal allows providers, or their delegates, to complete enrollment, re-enrollment, revalidation and provider changes using an online application.

The new portal is accessed from the Provider Enrollment webpage by clicking on the “Online Provider Enrollment” link. For revalidation and provider changes, you can log into the Provider Web Portal through the Provider Login (EVS) link and click on the new “Revalidate-Update Provider” link on the My Home page.

Prior to starting the application, review the Provider Enrollment Checklist for your provider type and gather all pertinent information, including applicable ownership, agent and managing employee information.

For helpful instructions, refer to the “Online Provider Enrollment User Manual,” which is posted on the [Provider Enrollment](#) webpage.

## State Policy

The Division of Health Care Financing and Policy (DHCFP) determines Nevada Medicaid state policy. This policy is contained in the [Medicaid Services Manual \(MSM\)](#). The MSM is published on the DHCFP website at <http://dhcfp.nv.gov>. Specific enrollment requirements are located in MSM Chapter 100.

## Provider Groups

Nevada Medicaid can pay a group of providers under one NPI. To request this, each individual provider in the group must be enrolled in the Nevada Medicaid program (i.e., submit their own, individual enrollment documents). **The group then submits its own set of enrollment documents** (in addition to the documents submitted by the individual providers). In order for the individuals to be linked to the group that will be paid, the **individual names and NPIs of all providers** that will be paid under the group must be listed on the group’s Enrollment Application (FA-31D or FA-31B). Each provider must sign the list on the application to acknowledge participation in the group.

Provider groups may be formed for the following provider types:

- Applied Behavior Analysis (ABA) – provider type 85
- Audiologist Group – provider type 76
- Behavioral Health Outpatient Treatment Group – provider type 14
- Behavioral Health Rehabilitative Treatment Group – provider type 82

- Chiropractic Group – provider type 36
- Dentist Group – provider type 22
- Optometrist Group – provider type 25
- Physician Group – includes any combination of provider types 20, 24, 72, 74 and 77
- Podiatrist Group – provider type 21
- Psychologist Group – provider type 26
- Therapist Group – provider type 34

Claims for a provider group are submitted on the CMS-1500 claim form (or the electronic equivalent, 837P) with the group’s NPI in Field 33a and the servicing provider’s NPI in the bottom, white half of Field 24J.

You may **add or remove a group member** by using [form FA-33](#), the “Provider Information Change” form. Any changes to group membership must be reported within five business days.

**If you submit claims to Medicare as a Provider Group and you wish for the claims to automatically cross over to Nevada Medicaid, then you must also enroll that same Provider Group with Medicaid.**

## Frequently Asked Questions (FAQs)

### *Which questions are required on the Application?*

All questions are required unless otherwise stated with special instructions.

### *Where do I sign the Application and Contract?*

The provider (for an individual practice) or the provider, agent, business owner or managing employee (for a business, facility or provider group) must sign the last page of the Application and the Contract.

### *What if I need more room to answer a question on the Application?*

Attach additional sheets if necessary to answer each question completely. Each additional sheet must display the **relevant question number** from the Application.

## After Your Enrollment is Submitted

For Applications sent via U.S. Postal Service, Nevada Medicaid digitally images each page and forwards the information into a computer system. If your enrollment documents are incomplete, we mail your Application back to you with a letter requesting you to provide the missing information. Your enrollment cannot be processed until you have sent all of the required documentation. You will be notified via mail after we process your enrollment (in most cases, 2-3 weeks).

## Nevada Medicaid Provider Types and Specialties

Nevada Medicaid has defined approximately 60 different medical service types, also referred to as “provider types.” The **2-digit provider type numbers are shown in the left column of Table E-2 that follows.**

Some providers provide more than one type of service. You must submit **one complete set of enrollment or revalidation documents for each provider type you are enrolling** (i.e., Provider Enrollment or Revalidation Packet and documents listed on the relevant Enrollment Checklist for that provider type). For example, if you supply Durable Medical Equipment (provider type 33) as well as pharmaceutical drugs (provider type 28), complete two sets of enrollment documents. The same NPI would be noted on each Application. The difference between the two Applications would be the provider type number and the attachments required per the Enrollment Checklists.

Some provider types require you to identify a 3-digit specialty code on your Application. **The 3-digit specialty code is shown next to each bulleted item in Table E-2.**

- **A specialty is required for provider types 14, 17, 19, 20, 34, 38, 48, 58, 82 and 85.** For provider type 17, a Provider Enrollment or Revalidation Packet must be submitted for each specialty being enrolled. Provider types 14 and 82 **groups** may only enroll with specialty code 000. Provider type 14 also performing Day Treatment services must be enrolled with specialties 000 and 308. The provider must first enroll as a provider type 14 with specialty 000 before they are eligible to apply for and enroll with the Day Treatment Specialty 308 (See the [Billing Guide for PT 14](#)).
- To assist in Medicaid tracking, we recommend that provider types 22, 26, 54 and 76 identify a specialty when applicable.
