## REVISED MEMORANDUM

TO: All Pharmacies  
FROM: First Health Services  
DATE: Jan. 24, 2006

**RE: Revised Information Regarding Co-Payments for Medicare Part D /  
Medicaid Dual Eligibles**

Nevada Medicaid intends to pay the prescription co-payment of either \$1 or \$3 for Medicare Part D recipients who are Medicaid-eligible.

Although we previously communicated the target date for this functionality as Feb. 1, 2006, **we are delaying the target date to March 1, 2006.** We are making every effort to have this functionality available prior to March 1. You will be notified when this occurs.

In the interim, it is requested that you hold these co-pay billings and submit them for payment on or after March 1, 2006. If you attempt to enter these claims in the interim, you will receive the following denial message: "Please resubmit on or after 03/01/06."

If you have questions, please contact the First Health Services Technical Call Center at 1-800-884-3238.

Your cooperation and patience are appreciated.
