Required Enrollment Documents

- Provider Enrollment Information Booklet: UPDATED FOR MMIS MODERNIZATION IMPLEMENTATION. All providers will need the information contained in this booklet, which includes common enrollment questions and information about out-of-state providers and provider groups.
- Enrollment Checklists: Copies of certain documents must be included with your Provider Enrollment Packet (e.g., copy of professional certification, proof of insurance, background check). The Enrollment Checklists show required documentation for each provider type.
- Business Associate Addendum (NMH-3820): This document must be signed and submitted with your Provider Enrollment/Revalidation Packet if it is listed on the Provider Enrollment Checklist for your Provider Type and when requested by the Division of Health Care Financing and Policy (DHCFP) or Nevada Medicaid.
- Advance Directives Compliance Self-Evaluation & Certification (NMH-3827): This form must be completed and submitted to DHCFP if it is listed on the Provider Enrollment checklist for your Provider Type.
- Civil Rights Compliance Self-Evaluation & Certification (NMH-3828): This form must be completed and submitted to DHCFP if it is listed on the Provider Enrollment checklist for your Provider Type.

Enrollment Checklists are separated out by Provider Type. In order to determine the documentation that is required to accompany the application, select Enrollment Checklists. All Provider Types require the checklist to be followed.
Each Provider Type will have access to a Provider Type specific Checklist.

Locate the appropriate Provider Type and select the Title of the Provider Type to open the checklist.

It is important to review each item listed on the Checklist as the information will be different for each Provider Type.
Online Provider Enrollment User Manual

The Online Provider Enrollment User Manual will contain pertinent information for using the OPE tool and provide additional details regarding each question that is contained within the application.

Chapter 1: Getting Started – Overview of how to use the OPE tool

Chapter 2: Initial Enrollment Application – Provides step-by-step instructions on how to complete an initial application

Chapter 2 Addendum: Ownership & Relationships Example – Provides additional clarification for users when answering the Ownership Disclosure and Relationship questions

Chapter 3: Revalidation and Updates – Instructions on how to revalidate or make changes to a provider profile through the Electronic Verification System (EVS)
The Provider Revalidation Report is a PDF document that allows any user to view a National Provider Identifier (NPI) to determine the date that their contract will need to be revalidated. Providers are required to revalidate with Nevada Medicaid every five (5) years. The only exception is that Durable Medical Equipment (Provider Type 33) providers must revalidate every three (3) years.

Viewing the report will assist providers with making sure that their contract with Nevada Medicaid does not terminate. If a contract terminates due to a provider not submitting a revalidation, the provider will then need to complete and submit a brand new application. If a provider’s contract terminates and the provider attempts to bill for dates of service that happen after their termination date, those particular claims will be denied.
Changes to Provider Information

Changes to any information presented on your enrollment documents must be reported to Nevada Medicaid within five business days.

- To complete changes online, please login to the Secure Web Portal, and choose “Revalidate-Update Provider”.
- To report a change in business ownership, resubmit a completed Provider Enrollment Application.
- Provider license updates and voluntary terminations can be mailed or e-mailed to Nevada Medicaid for processing.

As of February 1, 2019, any provider that is already enrolled in Nevada Medicaid can make changes to their provider profiles via the EVS secure Provider Web Portal. For instructions, please review Chapter 3 (Revalidation and Updates) of the Online Provider Enrollment User Manual that was previously discussed and can be located on the Provider Enrollment webpage of the Medicaid website.

The EVS secure Provider Web Portal may be accessed from a variety of different locations, including the top blue tool bar > EVS > Provider Login (EVS) or the Featured Links (left-hand side of every webpage).
After the user selects EVS Login, they will then be required to Login.

Input the registered User ID and select Log In. If the user has forgotten their User ID, select the Forgot User ID? Link.
After the User ID has been entered, the user will then be prompted with a Challenge Question.

Answer the Challenge Question and indicate whether a personal or public computer is being used. If Personal is selected, the user will not have to answer a challenge question the next time they login.
After the Challenge Question is successfully answered, the user will then be able to view the Site Key and Passphrase. This information was created when their portal account was created.

Input the correct password and select Continue.

If the user has forgotten the correct password, select the Forgot Password reset link. This will allow users to reset their own password and eliminates the need to contact the Nevada Medicaid Customer Service Call Center.
After the user has successfully logged in, locate and select Revalidate-Update Provider from the Provider Services section on the left-hand side of the page.
Once the Revalidate-Update link is selected, the user will be brought to a page in which they can view all associated providers. The user will need to choose the correct provider and click on the Revalidate Provider link from the Action column.
Revalidation or Change, continued

The user will be prompted with a pop up asking if they would like to leave the page they are on. Select Proceed in order to continue with the revalidation process.

The user will then be directed to the Online Provider Enrollment (OPE) tool to complete the revalidation.
The Welcome Page provides relevant information regarding enrolling in the Nevada Medicaid program, as well as:

(A) Table of Contents. Table of Contents will always be available and once a user has completed a section, the Table of Contents will hyperlink each completed section of the application in case a user needs to go back and update information.

(B) Contact Us and FAQ links.

In order to continue with the application, select Continue.
When revalidating a provider, if the provider’s original application was completed online, there may be information that is already pre-populated for the revalidation process. If the provider originally submitted a paper application and did not complete an application online, the information will not be populated and the user will be required to complete available fields.
If the individual is already associated with a group, the group information may already be pre-populated. If the individual provider would like to be associated with additional groups, select the + under the pre-populated National Provider Identifier (NPI) and input the new group NPI and affiliation date. Once the information is properly filled out, select Add.

If there is a group NPI already pre-populated that the individual will no longer be associated with, select the Remove link from the Action column.

Linking to a group is required if a provider is enrolling as a Provider Type 14 (Behavioral Health) and/or a Provider Type 82 (Behavioral Health Rehabilitative Treatment) or Provider Type 85 (Applied Behavior Analysis).

If enrolling as Provider Type 14 with a Specialty of 305, 306 or 307, it is not required to link to a group.

If the individual will not be linking to a group, select No.
Federal Tax ID: This should only be used for a Group Application as the FEIN is used to identify a business entity.

SSN: Social Security Number of the individual provider. This information may already be pre-populated. Do not input both the FEIN and SSN. Please reference Web Announcement 1899 (Requirement for Completing an Application, Revalidation or Re-Enrollment Differ for Individual Providers and Group Providers).
The contact information first and last name and telephone number will already be pre-populated. The Contact Email will be required as well as confirming the contact email address.

If there is any information missing, complete the fields as necessary.

Once this section has been completed, select Continue.
Specialties

All provider types are required to indicate a Specialty. (See the Provider Enrollment Information Booklet for a list of Provider Types and associated Specialties.)

The specialty may be pre-populated. If the specialty information is no longer correct, click on the + symbol to change the primary specialty.

If adding an additional specialty, select the + to Add Specialty. Select the specialty from the drop-down menu (A). If the provider type does not require a specialty, select No Specialty. Indicate the Board, if applicable (B), that approved of the specialty and select Add (C). If add is not selected, the system will not allow users to continue.
Specialties, continued

If the provider has more than one specialty, select the + symbol and follow previous steps.

If the user selects an incorrect specialty, select Remove from the Action column.

The first specialty selected will be the primary specialty.

Once all specialties are added, select Continue.

Ownership & Disclosure

All providers must read and understand the instructions that are listed on this page in order to properly complete the application. Users should also refer to Chapter 2 Addendum of the OPE User Manual for clarification regarding information and formatting that must be followed in order to properly complete the application. If any information is incorrect, Nevada Medicaid will return the application for review and corrections.

For individual providers linking to a group, the Ownership Information is not required. Individuals linking will still be required to indicate Managing Employee/Agent.

Examples are outlined on the next three slides.
Chapter 2 Addendum. Ownership & Relationships Example

As part of the modernized Medicaid Management Information System (MMIS) update on February 1, 2019, providers are now required to identify all ownership in their company and outline the relationships that exist as outlined in Chapter 2 of the Online Provider Enrollment User Manual.

This process can be complex, so the purpose of this addendum is to provide an example.

2.1 Storyline

Paxton Drug Store #123 is completing their initial provider enrollment application. They are owned by Paxton Drug Store Inc. The parent company has four board members: Samantha, Alex, George and Brianne. Paxton Drug Store Inc. is owned by Andy Paxton, Janice Paxton and Drug Stores Care Inc. This company is owned by Robert Thomas.

2.2 Completing the Ownership Information Section

The provider must input all details regarding information:

- Paxton Drug Store owns 100% of Paxton Drug Store #123.
- Samantha Jordan, Alex Pong, George Maple and Brianne Smith are board members, but do not own any shares of the company.
- Andy Paxton owns 25% of Paxton Drug Store, Janice Paxton owns 49% and Drug Stores Care owns 26%.
- Robert Thomas owns 100% of Drug Stores Care.

2.3 Completing the Ownership or Controls Relationship Section

Now that all corporations, board members and owners have been input, the provider must link the people and/or corporations. This section does not include board members.

- Andy, Janice & Drug Stores Care are owners of Paxton Drug Store
- Andy is the spouse of Janice Paxton
- Robert Thomas owns Drug Stores Care

2.4 Note about Completing the Ownership Information Section

There may be times when ownership total does not equal 100%, as it did in Section 2.2, because some owners own less than 5% and would not be listed. When that happens, put detailed notes in the Explanation if total ownership is less than field.

There may also be times when the parent company is publicly traded and cannot provide people’s names who own 5% or more of the company. In this situation, it is suggested to attach a letter explaining the circumstances to aid in processing the application more quickly.
Ownership & Disclosure, continued

A disclosing entity is defined as a Medicaid provider or supplier, or other entity that furnishes services or arranges for furnishing services under Medicaid or the Maternal and Child Health program, or health-related services under the social services program.

**Indirect ownership interest** is defined as ownership interest in an entity that has direct or indirect ownership interest in the disclosing entity. The amount of indirect ownership in the disclosing entity that is held by any other entity is determined by multiplying the percentage of ownership interest at each level. An indirect ownership interest must be reported if it equates to an ownership interest of 5 percent or more in the disclosing entity. Example: If A owns 10 percent of the stock in a corporation that owns 80 percent of the stock of the disclosing entity, A's interest equates to an 8 percent indirect ownership and must be reported.

If any owner, agent, managing employee or person with controlling interest has previously or currently works for the State of Nevada, all information must be disclosed. After all fields have been completed, select Add.

After this question has been completed, select Continue.
There are three (3) sections of the Provider Enrollment: Agreement page. The first section is the Instruction section, which will provide instructions regarding the additional sections of the Agreement page. Providers must read and understand before proceeding with the remainder of the application.
The second section of the Agreement page is the Terms of Agreement. The user must indicate that they accept the terms and condition (A) and complete the remaining fields.

In order to complete the section, the user must download the Nevada Medicaid and Nevada Check Up Provider Contract in order to be able to complete the question regarding the acceptance of the terms.

For this example, the question has been greyed out until the user downloads the contract. Once the contract has been downloaded, the question will then appear and can be answered.
The last section covers the Declaration, which indicates that the user has answered all questions to the best of their ability.

Once the Declaration is read and understood, select Continue.
The next section is where users will need to upload all required documents. Users will need to review the Enrollment Checklist for the Provider Type to determine if all documents have been uploaded.

Transmission Method will always default to FT-File Transfer and this does not need to be changed. Select the Attachment Type from the drop-down menu. Select Choose File and locate the appropriate document for uploading. Once the document is placed in the application, select Add.

Users will also need to make sure that the proper EFT documentation is also uploaded if not linking to a group.

Once all applicable documents are uploaded, select Continue.
The Summary page will allow users to view the information input into the application before submitting to Nevada Medicaid for approval.

Once the user reviews and determines that there are no changes necessary, select Confirm in order to submit to Nevada Medicaid for processing. After submitting, users can view the status of the application by logging into the OPE tool. Users will also receive mailed communication from Nevada Medicaid indicating whether or not the application has been accepted.

After submission, users should allow **at least a minimum of 2-3 weeks for processing**. There are some cases in which the processing can take more time.
