Announcement 1031

Attention Provider Type 12: HCPCS Code Q9973 Payable with National Drug Code

Effective with claims with dates of service on or after June 16, 2015, HCPCS code Q9973 (Injection, epoetin beta, 1 microgram - non ESRD use) is payable to provider type (PT) 12 only when billed with a National Drug Code (NDC).

Claims for code Q9973 submitted by PT 12 with dates of service on or after January 1, 2015, and before June 16, 2015, with an NDC on the claim that did not reimburse appropriately will be automatically reprocessed. The results of the reprocessed claims will appear on a future remittance advice.
