Radiology Claims with Modifier 26 and No Initial Claim on File

Effective with claims processed on and after August 17, 2016, radiology claims with modifier 26 (Professional component) with no initial claim on file no longer deny in error for edit code 1111 (Unbundling of Tech/Prof Portions of Radiology). The affected claims were for the same recipient, same provider, same date of service and same procedure, but with different or no modifier.
