Claims for Emergency Dental Services for Undocumented Non-Citizens

In accordance with policy determined by the Division of Health Care Financing and Policy (DHCFP), undocumented non-citizens are eligible for emergency medical treatment only. The definition of medical emergency and eligibility conditions for undocumented non-citizens are specified in [Chapter 100](#) of the DHCFP's Medicaid Services Manual.

Effective immediately, claims for emergency dental services provided for undocumented non-citizens must be submitted with a letter and/or report signed by the dentist documenting that the service provided was an emergency as defined in Chapter 100. Claims submitted for undocumented non-citizens without the required documentation will be denied. Note: Claims with attachments must be submitted on a paper claim form (not electronically).
