## Web Announcement 170

### New Fetal Ultrasound Policy Effective Sept. 25, 2007

Nevada Medicaid implemented a new fetal ultrasound policy effective Sept. 25, 2007. The new policy has two fetal ultrasound codes that now require prior authorization (PA): 76827 (Doppler echocardiography) and 76828 (follow up or repeat Doppler echocardiography).

Please follow standard procedures when requesting a PA by completing and faxing form [FH-6](#) or using the Online Prior Authorization System.

Please refer to Chapter 600-Physicians of the Medicaid Services Manual for further coverage and limitations. The MSM is online at <http://www.dhcfp.nv.gov> (select “NV Medicaid Services Manual” from the “Medicaid Manuals” menu).
