## **Modernization: Buy-In and Third Party Liability Related Transactions During Transition**

The Division of Health Care Financing and Policy (DHCFP) will implement a new, modernized Medicaid Management Information System (MMIS) on February 1, 2019. In preparation for the implementation, effective January 22, 2019, Buy-in and Third Party Liability (TPL) transactions in the system will be available in read-only access. Impacted providers and the Division of Welfare and Supportive Services (DWSS) can continue to submit requests, but the DHCFP will be unable to process accretion and deletion requests and updates to Medicare and other TPL coverage until January 29, 2019.
