Modernization Known System Issue: Date of Decision for Recipient Eligibility Not Currently Available

The Date of Decision for recipient eligibility is currently not available in the Electronic Verification System (EVS). Please continue to submit prior authorizations for review and decision. Until further notice, the timely filing requirements for prior authorization(s) related only to retro-eligibility will not be applied. Clinical requirements will still be enforced.

Known issues are being posted for providers to review on the [Modernization Project](#) webpage under Known System Issues and Identified Workarounds. Please review the reports for current issues and the status of this issue.
