Announcement 1834

Modernization: Attention All Providers: New MMIS is Now Live!

On **February 1, 2019**, the Division of Health Care Financing and Policy (DHCFP) implemented a new, modernized Medicaid Management Information System (MMIS). Providers are now able to **electronically** submit claims, claim appeals, prior authorizations and provider enrollment/revalidation applications.

Nevada Medicaid will no longer accept these documents on paper and anything submitted on paper will be returned to the provider. Additional details regarding this information have been provided in the web announcements posted on the [Modernization Project](#) webpage.

Reminder: Before accessing the secure Provider Web Portal, providers will need to reset their password using the "Forgot Password" process. See [Web Announcement 1799](#) for step-by-step instructions on resetting your password.

If there are any questions, please do not hesitate to contact Nevada Medicaid.
