Web Announcement 2074

Attention All Providers: Maintain Correct Electronic Funds Transfer (EFT) Information with Nevada Medicaid

The Division of Health Care Financing and Policy (DHCFP) reminds providers to maintain correct Electronic Funds Transfer (EFT) information on file with Nevada Medicaid. Effective December 17, 2019, EFTs that fail will be issued automatically to providers as paper checks for a period of 30 days. If the provider does not update their EFT information within 30 days of the EFT failure, all payments including paper checks will be held until the EFT information is updated.

Providers may update their EFT information by logging in to the Provider Web Portal and selecting the "Revalidate-Update Provider" link.
