Web Announcement 2107

Attention Provider Types 34 (Therapy) and 85 (Applied Behavior Analysis):

Update Regarding Claims for Procedure Codes 97153, 92507 and 97155

Update to [Web Announcement 1934](#): Claims for procedure codes 97153 and 92507 that denied against each other in error with error code 6100 (Invalid combination of procedures the same day) have been automatically reprocessed. The impacted claims that denied were submitted by the same provider for the same recipient and same date of service.

The impacted claims for procedure codes 97153 and 92507 that denied in error were processed by the Medicaid Management Information System (MMIS) on or after February 1, 2019, through August 19, 2019. Results of the reprocessed claims appear on remittance advices dated October 11, 2019.

Claims for procedure code 97155 that also denied with error code 6100 have been automatically reprocessed. Results of these reprocessed claims appear on remittance advices dated January 24, 2020.

Please note: When claims are reprocessed, please be aware that all system and clinical claim editor edits are applicable. As a result, there may be no additional payment, and other claim denials may be received. Providers have the right to appeal denied claims, including those denied upon reprocessing. Please refer to [Medicaid Services Manual Chapter 100](#) and the [Billing Manual](#) for information concerning the claim appeal process and time frames.

Impacted procedure codes:

Procedure Code	Procedure Code Description
97153	Adaptive behavior treatment by protocol, administered by a technician under the direction of a physician or other qualified health care professional, face-to-face with one patient, each 15 minutes
92507	Treatment of speech, language, voice, communication, and/or auditory processing disorder, individual
97155	Adaptive behavior treatment with protocol modification, administered by physician or other qualified health care professional, which may include simultaneous direction of technician, face-to-face with one patient, each 15 minutes
