Rate and Coverage Changes Made to Certain Dental Services Procedure Codes

The Division of Health Care Financing and Policy (DHCFP) has determined that changes to certain dental procedure codes will promote the use of uniform language to describe dental services and will align the reimbursement for these procedures with the methodology set forth in the Nevada Medicaid State Plan. **The following changes are effective with dates of service on and after June 1, 2009.**

- Codes D2970 and D9930 are no longer covered by Nevada Medicaid/Nevada Check Up for provider type 17 (Special Clinics). Codes D2970 and D9930 remain covered for provider types 20 (Physician, M.D., Osteopath) and 22 (Dentist), but will be reimbursed at dollar rates instead of 62% of billed charges.
