Web Announcement 2877

COVID-19 UNWIND: COVID-19 Vaccine and Vaccine Administration Codes Closed for Provider Type 22 (Dentist)

During the COVID-19 State Public Health Emergency in Nevada, Governor Steve Sisolak had issued an executive order (Directive 11 Administration of Vaccines by Providers of Medical Services) allowing provider type (PT) 22 (Dentist) to administer COVID vaccines during the State Health Emergency. On May 20, 2022, the Governor terminated the State of Emergency on the State level and any of the directives put in place will be undone, which includes no longer allowing PT 22 to administer COVID vaccines.

Effective with dates of service on or after May 20, 2022, the COVID-19 vaccine and vaccine administration codes listed below have been closed for PT 22.
