## **Attention Provider Type 86 (Specialized Foster Care): Claims May Have Paid In Error**

Claims submitted by provider type 86 (Specialized Foster Care) that had the same provider, same date of service and different modifiers as previously paid claims may have paid in error. Impacted claims had dates of service on or after September 30, 2020, and prior to September 19, 2022. Effective on claims with dates of service on or after September 19, 2022, these claims will deny correctly with error code 5036 (Possible duplicate: practitioner to practitioner).

Impacted claims that paid in error will be reprocessed automatically to recoup any overpayments. A future remittance advice will report the results of the reprocessed claims. When claims are reprocessed, please be aware that all system and clinical claim editor edits are applicable. As a result, there may be no additional payment, and other claim denials may be received. Providers have the right to appeal denied claims, including those denied upon reprocessing. Please refer to [Medicaid Services Manual Chapter 100](#) and the [Billing Manual](#) for information concerning the claim appeal process and time frames.
