## **Physician-Administered Drug (PAD) Claims that Denied in Error with Error Code 908 Reprocessed**

Physician-administered drug (PAD) claims that processed on or after July 1, 2022, through September 1, 2022, and denied with error code 908 (PAD detail denied by Pharmacy Benefits Manager) have been reprocessed automatically to adjudicate correctly. The claims may have denied as “product/service not covered” due to incorrect PAD pricing exclusions in the Pharmacy Benefits Manager system.

The results of the reprocessed claims appear on remittance advices dated February 24, 2023. When claims are reprocessed, please be aware that all system and clinical claim editor edits are applicable. As a result, there may be no additional payment, and other claim denials may be received. Providers have the right to appeal denied claims, including those denied upon reprocessing. Please refer to [Medicaid Services Manual Chapter 100](#) and the [Billing Manual](#) for information concerning the claim appeal process and time frames.
