**Web Announcement 3014**

## **Attention Home and Community Based Waivers Provider Types: Specialty Code Added for Private Case Management**

Effective **February 21, 2023**, the provider types (PTs) listed below may enroll with Nevada Medicaid under a new specialty to provide private case management services.

The Waiver providers who may select specialty 303 (Private Case Management) are:

- PT 48 (Home and Community Based Waiver for the Frail Elderly)
- PT 57 (Home and Community Based Waiver for the Frail Elderly in Residential Facilities for Groups)
- PT 58 (Home and Community Based Waiver for Persons with Physical Disabilities)
- PT 59 (Home and Community Based Waiver for the Frail Elderly in an Assisted Living Facility)

Any provider that is already enrolled with Nevada Medicaid must obtain a new National Provider Identifier (NPI) and submit a new enrollment application with the private case management specialty selected. During the enrollment process through the [Online Provider Enrollment \(OPE\) tool](#), if a provider selects private case management as their specialty, no other specialty can be added.
