Web Announcement 327

Attention PT 33 DME Providers: Final Extension for Re-enrollment

Nevada Medicaid has extended the re-enrollment deadline until April 30, 2010. This is the final extension. Failure to comply with this request will result in termination of your provider contract as a Durable Medical Equipment, Prosthetics, Orthotics and Disposable Medical Supplies (DMEPOS) provider (PT 33) with Nevada Medicaid.

Refer to [Web Announcement 313](#) posted on March 3, 2010, regarding the requirement for all DME providers to complete and submit a new [Provider Enrollment Application and Provider Contract](#) with verification of Medicare Part B Accreditation and Surety Bonding. That announcement provided detailed information with links to the original notification letter dated January 29, 2010, and to the [Provider Enrollment Application and Enrollment Checklist](#).
