Web Announcement 32

Reprocessing Medicare Crossover Claims:

First Health Services has begun reprocessing Medicare Crossover Claims that have been denied or pended.

If reprocessing leads to a claim denial that you feel is in error due to Medicare-related edit codes, (1) note the edit code for which the claim was denied, (2) make any necessary changes and (3) resubmit a hard copy (paper) claim form (CMS-1500 or UB-92 or Medicare Crossover Claim Form FH-40) by Sept. 30, 2004.

Form submittal instructions and mailing address can be found in Chapter G of the CMS-1500 and UB-92 billing manuals, which can be accessed online at https://medicaid.nv.gov under the "Providers" drop-down menu.
