## **Attention All Providers: Update Regarding Adjudication of Claims Submitted With Ordering, Prescribing or Referring (OPR) Provider**

Update to [Web Announcement 2832](#): If a provider who is not required to submit the National Provider Identifier (NPI) of the Ordering, Prescribing or Referring (OPR) provider on their claim does include the NPI of the OPR provider, the claim will no longer deny if the NPI of the OPR provider is not on file with Nevada Medicaid. This change is effective on claims with dates of service on or after April 15, 2024.

No claims will be reprocessed automatically as this update is a go-forward change.
