Nevada Medicaid Web Announcement 3601

Attention Provider Type 93 (Substance Use Treatment): Group Enrollment Effective Date

Update to [Web Announcement 3511](#): Effective April 1, 2025, providers with a pending provider type (PT) 93 (Substance Use Treatment) group application (specialties 704, 707, or 708) who were previously enrolled as PT 17 (Special Clinics) with specialty 171 (Methadone Clinic) or 215 (Substance Use Agency Model), and who were terminated on March 31, 2025, in accordance to [Web Announcement 3560](#), will have the option to backdate their enrollment effective date to April 1, 2025.

For providers submitting an initial PT 93 group application with these specialties, **who were not previously enrolled under PT 17 with specialties 171 or 215**, the enrollment effective date may be backdated in accordance with the timely filing guidelines outlined in the [Billing Manual](#).
