Web Announcement 360

Nevada Medicaid Provider Newsletter Is Now Published Online Only

Effective with the Third Quarter 2010 issue of Nevada Medicaid News, the newsletter is no longer mailed to providers. This change provides substantial savings on paper, printing and mailing costs to the Division of Health Care Financing and Policy (DHCFP).

The DHCFP encourages providers to read Nevada Medicaid News online. The online-only version of the newsletter allows more articles to be included in each issue for details about policy changes, provider responsibilities, billing and claims payment, training, contact information, etc. The online version also provides convenient weblinks to additional information.

Providers who do not have access to the internet may call (877) 638-3472 and request that a copy be mailed or emailed to them.

The newsletter will continue to be posted on this website on a quarterly basis on the "[Announcements/Newsletters](#)" webpage under the "Providers" menu.
