Nevada Medicaid created a new Medicaid Services Manual (MSM) Chapter 2400 - Home and Community-Based Services (HCBS) Waiver for Structured Family Caregiving (SFCG), to comply with Assembly Bill 208 that was passed during the Nevada 82nd (2023) Legislative Session and was approved by the Centers for Medicare and Medicaid Services (CMS) on December 19, 2024, with an effective date of January 1, 2025. This waiver was developed to assist individuals with dementia or related conditions and provide access to both State Plan services as well as certain extended Medicaid covered services. Services included in this waiver are Case Management, Respite, and SFCG. Nevada acknowledges that people who are suffering from dementia or related conditions can lead satisfying and productive lives when they are provided with the services and supports in the community.

- MSM Chapter 2800 – School Health Services (effective May 28, 2025)
