Nevada Medicaid Web Announcement 3666

Available July 21, 2025: New Specialty 714 for Registered Nurses Under Provider Type 93 (Substance Use Treatment)

Nevada Medicaid is creating a new specialty for individuals under provider type (PT) 93 (Substance Use Treatment): Registered Nurse (specialty 714).

Effective July 21, 2025, the new specialty 714 will be available for enrollment through the [Provider Flex](#) tool. Individual providers enrolling under this specialty must link to group specialty 707 (Substance Use Treatment Clinic) or 708 (Opioid Treatment Program).

The PT 93 specialty 707 and 708 Billing Guides will be updated to include the billing information and requirements for this new specialty. The billing guides are posted on the [Billing Information](#) webpage.
