Nevada Medicaid Web Announcement 3678

Attention Provider Type 29 (Home Health Agency and Private Duty Nursing Services): Claims that Overpaid will be Reprocessed

Provider type (PT) 29 (Home Health Agency and Private Duty Nursing Services) was notified in [Web Announcement 3583](#) that Nevada Medicaid members are now automatically assigned an indicator of Urban or Rural based on the zip code of their residence.

Claims submitted by PT 29 may have paid incorrectly when the incorrect address was used to determine whether the member was urban or rural. Effective July 21, 2025, the Medicaid Management Information System (MMIS) has been updated to use the member's residential address, and claims will pay correctly.

Claims with dates of service from March 17, 2025, to July 21, 2025, that paid incorrectly will be reprocessed automatically. Results of the reprocessed claims will appear on a future remittance advice.

When claims are reprocessed, please be aware that all system and clinical claim editor edits are applicable. As a result, there may be no additional payment, and other claim denials may be received. Providers have the right to appeal denied claims, including those denied upon reprocessing. Please refer to [Medicaid Services Manual Chapter 100](#) and the [Billing Manual](#) for information concerning the claim appeal process and time frames.
