Nevada Medicaid Web Announcement 3782

Attention All Providers: Nevada Medicaid Centralized Credentialing Webinar Scheduled for December 17, 2025

Nevada Medicaid would like to invite all providers to attend an online, high-level overview presentation of the centralized credentialing process at 1:00 p.m. (Pacific Standard Time) on Wednesday, December 17, 2025. Please register for this virtual event [here](#).

Centralized credentialing was implemented on February 28, 2025, and ensures that healthcare providers have the qualifications to render services based on licensure, certification, work history, and other relevant elements.

The intent of this webinar is to help providers familiarize themselves with the credentialing process and offer clarification regarding the difference between Nevada Medicaid enrollment, contracting with the State's Managed Care Entities (MCE), and the centralized credentialing process. A portion of the time will also be dedicated to answering general questions, however, individual ticket or status information should be sent to the appropriate MCE contact.
