**Billing Guide Updated**

The billing guide for provider type 17 (Special Clinics) specialty 181 (Federally Qualified Health Clinics) has been updated effective March 6, 2026.

The updates include:

- Adding language to state that Managed Care organizations (MCO) must not deny valid claims submitted by an FQHC, regardless of whether the FQHC is the recipient's designated primary care provider.
- Adding instructions for billing G-encounter codes for shadow billing: the G-encounter code must be billed on the first claim line.
- Removing the telehealth section from the PT 17 Specialty 181 guideline. Providers are directed to reference the [Telehealth Billing Instructions](#).

Please review the updated billing guide on the [Billing Information](#) page.
