

**March 23, 2026**

**Nevada Medicaid Web Announcement 3874**

## **Attention Provider Type 22 (Dentist): Veneers Are No Longer Covered for Adults and Pregnant Members**

Effective for claims with dates of service on or after March 23, 2026, veneers are no longer covered for adults (age 21 years and older) and no longer covered under pregnancy-related services. The following codes are not payable to provider type 22 (Dentist) for these populations:

- D2960 – Labial Veneer Resin Direct
- D2961 – Labial Veneer Resin Indirect
- D2962 – Labial Veneer Porcelain Indirect

These services are still covered for members age 20 years and younger, but claims that bill these codes for adults or pregnant members will deny with error code 4150 (Perf/Facility PT/PS Restriction Proc Billing Rule). No claims will be reprocessed automatically as this is a go-forward update.
