

**June 5, 2026**

**Nevada Medicaid Web Announcement 3934**

## **New Provider Type 50 (Health Related Social Needs) To Be Created to Provide In Lieu of Services (ILOS)**

Under the guidance of the Centers for Medicare & Medicaid Services (CMS), Nevada Medicaid is creating a new provider type (PT) for Community Based Organizations to provide In Lieu of Services (ILOS). ILOS allow Medicaid managed care plans to cover appropriate alternative services instead of standard Medicaid benefits. Under new PT 50 (Related Health Social Needs) specialty 850 (Community Based Organizations), providers will be able to provide the following housing support services:

- Specialized Case Management
- Housing Transition Supports
- Housing Sustainment Services
- Housing-Related Deposits
- Nutrition Services

Beginning June 15, 2026, providers may enroll with Nevada Medicaid through the [Provider Flex](#) tool under PT 50. Eligible providers may request to backdate their enrollment effective date to January 1, 2026. Please refer to the [Provider Enrollment Information Booklet](#) for general enrollment requirements and information.

[Medicaid Services Manual \(MSM\) Chapter 3600 Managed Care Organization](#) will be updated with the policy applicable to these services.
