Nevada Medicaid Web Announcement 3946

Update Regarding Institutional Third Party Liability (TPL) Claims with Patient Responsibility

Institutional Third Party Liability (TPL) claims with patient responsibility may have paid incorrectly if the amount was submitted at only the detail level and not the header level.

Effective June 15, 2026, the Medicaid Management Information System (MMIS) has been updated to review the detail level for patient responsibility information if there are no patient responsibility amounts submitted at the header level.

Claims with the above criteria that paid incorrectly will be reprocessed automatically at a later date. Results of any reprocessed claims will appear on a future remittance advice.

When claims are reprocessed, please be aware that all system and clinical claim editor edits are applicable. As a result, there may be no additional payment, and other claim denials may be received. Providers have the right to appeal denied claims, including those denied upon reprocessing. Please refer to [Medicaid Services Manual Chapter 100](#) and the [Billing Manual](#) for information concerning the claim appeal process and time frames.
