Nevada Medicaid Web Announcement 3965

Attention All Providers: Nevada Medicaid Adds Behaviorally Complex Care Program (BCCP) Tier Level Details to Eligibility

Nevada Medicaid has added a new section to the Eligibility response in the Provider Web Portal (PWP) to display Behaviorally Complex Care Program (BCCP) Tier Level information for applicable members.

Effective July 20, 2026, providers will be able to view BCCP Tier Level Details within the Coverage Details section. This section includes the Tier Level (Tier 1, Tier 2, Tier 3), along with the associated Effective Date and End Date.

BCCP Tier Level Information will also be displayed on the Health Care Eligibility Benefit Inquiry and Information Response (271).

The tier descriptions are as follows:

- Tier I – Minimal additional intervention
- Tier II – Moderate, frequent intervention
- Tier III – Extreme behaviors requiring frequent, intensive intervention

Note: This information is view-only and reflects the member's assigned BCCP tier level and coverage period, when applicable.
