Nevada Medicaid Web Announcement 3977

Attention Provider Type (PT) 93 (Substance Use Treatment):

Substance Use Treatment/Outpatient Behavioral Health Authorization Request Form (FA-11D), Enrollment Checklists, and Billing Guidelines Updated

The following provider type 93 (Substance Use Treatment) documents have been updated and replaced on the [Nevada Medicaid provider website](#):

- Substance Use Treatment/Outpatient Behavioral Health Authorization Request (Form FA-11D) on the [Providers Forms](#) page
- Provider Enrollment Checklists for specialties 704 and 707 on the [Provider Enrollment Checklists](#) page
- Billing Guides for specialties 704, 707, and 708 on the [Billing Information](#)

These documents have been updated to align with the changes in the American Society of Addiction Medicine (ASAM) 4th Edition.

Providers are requested to discontinue use of the previous version of the FA-11D and use the updated version beginning on 08/01/2026. **Through August 30, 2026**, the PA will be pended back to the provider if a previous version of the FA-11D is submitted. The provider will have five days to resubmit the PA request using the new FA-11D. On and after **September 1, 2026**, the PA request will be denied if the new FA-11D is not used.
