Nevada Medicaid Web Announcement 4023

Attention Provider Type 63 (Psychiatric Residential Treatment Facilities): Age Correction for Complex Case Criteria

Correction to [Web Announcement 3970](#): The special rate for private psychiatric residential treatment facilities (PRTF) for complex needs is applicable to children less than 9 years old. If the child is 9 years or older, they must meet the complex case criteria defined in the [Psychiatric Residential Treatment Facility](#) prior authorization form (FA-15).

The Complex Case Criteria section of FA-15 has been updated, and providers should use the new form, effective 10/01/2026.

Web Announcements [3970](#) and [3999](#) have also been updated to reflect the correct age.
