

**October 12, 2026**

**Nevada Medicaid Web Announcement 4027**

**Attention Provider Types 17 (Special Clinics) Specialty 181 (Federally Qualified Health Center) and 47 (Tribal Health Clinics):**

**End-Date of CDT D1999, Tentatively Effective January 1, 2027**

Nevada Medicaid, in collaboration with the Centers for Medicare and Medicaid Services (CMS), will discontinue the 1115 Whole Mouth Whole Body Dental Demonstration Waiver for diabetic dental services. Current Dental Terminology (CDT) code D1999, used for billing under this waiver, will be end-dated effective January 1, 2027.

Recipient communications are being finalized and will be submitted to CMS for approval. Letters will be sent to recipients currently receiving services under this waiver. Recent updates to the Nevada Medicaid State Plan for adult dental services now incorporate most of the benefits that were previously offered through the waiver.

Effective January 1, 2027:

- Tribal Health Clinics (PT 47) will bill covered dental services under the T1015 encounter rate.
- Federally Qualified Health Centers (PT 17 Specialty 181) will bill covered dental services using D2999 and applicable shadow billing codes.
