

Web Announcement 41

Attention Providers Who Bill Using CPT and HCPCS Codes:

New rates for 2004 Current Procedural Terminology (CPT) codes and Healthcare Common Procedure Coding System (HCPCS) codes have been entered into the Medicaid Management Information System (MMIS).

Please use the 2004 codes when billing. In October 2004, First Health Services recycled claims with dates of service after 1/1/04 that denied due to invalid 2004 CPT and HCPCS codes. Your Remittance Advice (RA) reported the status of these claims. An updated fee schedule is posted at: <http://dhcfp.state.nv.us/RatesUnit.htm>.
