Web Announcement 428

MMIS Modification for Sedative Fillings (D2940) and Dental Crowns

A dental crown may be billed after a sedative filling is billed on the same tooth.

On September 12, 2011, the Medicaid Management Information System (MMIS) was modified to adjudicate these claims appropriately. Any claims for crowns (codes D2712, D2721, D2740, D2751, D2781, D2791, D2920, D2930, D2931, D2932, D2933 and D2970) that denied inappropriately between September 23, 2009 and August 30, 2011 for edit code 1040 ("Contradicted Audit - Any Provider / Included in Related Procedure") have been reprocessed. The adjudication of any reprocessed claims will be reported on remittance advices beginning November 18, 2011.
