Announcement 514

Register Now for Annual Medicaid Conference Breakout Sessions

The breakout sessions for the Annual Medicaid Conference in October have been confirmed. Providers can now register online for the session they wish to attend in either Reno on October 17, 2012, or Las Vegas on October 24, 2012. There are morning and afternoon sessions in each location.

Providers are encouraged to register now due to limited seating in the breakout session rooms. If you registered for the Conference only and not a breakout session, be sure to access the [2012 Training Registration Form \(FA-41\)](#) to complete the process.

The Form is located on the [Provider Training](#) webpage at www.medicaid.nv.gov. When you click on [FA-41](#), you will open an automated registration process. From the menu along the left side of the page, click on "Conference Agenda" to review the times of the General Session, breaks and breakout sessions. To register, click on "Register Here," then choose Reno or Las Vegas from the drop-down list. Scroll down to "Annual Medicaid Conference," check the General Session (morning) or General Session (afternoon) box if you have not already done so. Next, select a breakout session and then proceed with the registration process.

You will receive a confirmation for your registration(s). If you need assistance or have further questions, please contact the NevadaProviderTraining@hp.com team.
