## **Provider Types 14, 17, 20, 24, 26, 42, 45, 47, 74 and 77: HCPCS Code Q3014 (Telehealth Originating Site Facility Fee)**

Effective September 12, 2012, Nevada Medicaid and Nevada Check Up provider types 14, 17, 20, 24, 26, 42, 45, 47, 74 and 77 may bill HCPCS code Q3014 (Telehealth originating site facility fee).

Telehealth is the use of a telecommunications system instead of an in-person recipient encounter for professional consultations, office visits, office psychiatry services and a limited number of other medical services. The originating site is the location where an eligible Medicaid/Nevada Check Up recipient is at the time the service is being furnished via a telecommunications system.

The distant site is the site where the provider delivering services is located at the time the service is provided via a telecommunications system. The distant site uses modifier GT (via interactive audio and video telecommunication system) in field 24D of the CMS-1500 Claim Form.

Please review new [Medicaid Services Manual \(MSM\)](#) Chapter 3400 (Telehealth Services) for complete policy, covered services, non-covered services and coverage requirements.
