Changes to DHCFP Banking Services

Effective April 1, 2013, the State of Nevada, including the Division of Health Care Financing and Policy (DHCFP), will transfer banking services from Bank of America to Wells Fargo. Wells Fargo will begin sending Electronic Funds Transfers (EFTs) to Nevada Medicaid/Nevada Check Up providers beginning with the remittance advices (RAs) dated March 29, 2013. Nevada Medicaid Management Information System (MMIS) generated checks and manual checks that are mailed to providers will be paid from the Wells Fargo account beginning March 29, 2013.

Also effective with the March 29 RA, providers will receive EFT payments two business days earlier than presently. EFT payments will be made on Fridays, instead of on Tuesdays.

No action is required by providers.
