Announcement 605

Attention Provider Types 11, 13, 56, 63 and 75: Regarding Inpatient Hospital Claims That Underpaid

Provider types 11, 13, 56, 63 and 75 are advised to review this announcement as it may help you avoid a call to the Customer Service Center regarding claims for inpatient hospital services that underpaid with cutback edit code 0639 (Payment reduced to units authorized) or underpaid without a cutback edit code.

The Medicaid Management Information System (MMIS) has been updated to adjudicate these claims correctly. Affected claims will be automatically reprocessed if they meet **all** of the following criteria:

- if the claim was billed with a PA that approved the date range billed on the claim;
- if the claim was billed with a PA that approved the total number of days/units billed on the claim; and
- if the claim was billed with revenue code groupings (e.g., medical/surgical/ICU, maternity, newborn, NICU, administrative days) that are the same or less than the revenue code groupings on the PA.

No action is required by providers. The adjudication of the reprocessed claims will be reflected on a future remittance advice. Providers will be notified through a web announcement when the claims are reprocessed.
