Announcement 720

## Updated Billing Instructions for Fetal Monitoring for Twin Gestations

**This web announcement supersedes Web Announcement 311.** In the case of a twin gestation, bill the appropriate fetal monitoring CPT code with one unit without a modifier and bill the subsequent unit on the next claim line with the appropriate modifier(s).

If the fetal monitoring test is performed at the hospital (using the hospital's equipment), bill the appropriate CPT code with one unit with the appropriate modifier and bill the subsequent unit on the next claim line with the appropriate modifier(s).
