Announcement 834

Attention Provider Types 30 and 83: Provide Functional Assessment Service Plan (FASP) to Recipient

When your agency receives the Functional Assessment Service Plan (FASP) from HP Enterprise Services (HPES), you must provide a copy to the Nevada Medicaid recipient. Documentation of delivery must be noted in the recipient's record. Further, you must ensure that the schedule of services has been agreed upon by both the Personal Care Services (PCS) provider and the recipient.
