## **Procedure Codes and Rates for Provider Type 14:**

During the recent Behavioral Health program redesign, some procedure codes billed by Provider Type (PT) 14 (Mental Health, Outpatient) were not loaded into the Medicaid Management Information System (MMIS). The missing procedure codes and some rate changes for mental health outpatient services have been entered into the MMIS effective 01/01/06.

The procedure codes billed by PT14 at issue are 90772; H0034 with TD pricing modifier billed by provider specialty 300; and H0034 with no modifier and with modifier TD billed by provider specialty 301. Additional rate changes affected procedure codes 90876, 99234 and 99235.

Provider Type 14 claims submitted for dates of service on or after 01/01/06 with any of the above listed procedure codes that denied for Edit Code 0210 (No Pricing Segment is on File) will be reprocessed. Your Remittance Advice (RA) dated 06/30/06 will report the adjudication of any affected claims.
